Mission Resources

Field Agents

The Mission Maker comes loaded with all sorts of cute and colorful **Field Agents** at the **Basic** level. We even have some **Seasonal** ones!

We also offer **Enhanced and Custom Field Agents!** You can customize any Basic Field Agent with **additional accessories**, or create something brand new from scratch.*

Where to find:

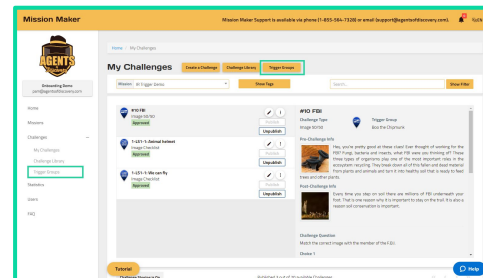

When **creating or editing a Mission**, look under the **Mission Information** section and to the right to scroll through all our available **Field Agents** at the Basic level.

Triggers

Trigger Mode allows players to unlock Challenges by **scanning Image Recognition (IR) Triggers**. You are in complete control of **which images activate which Challenges**.

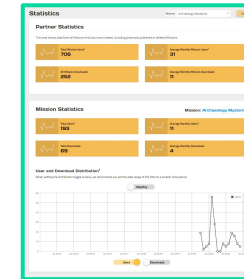

We have plenty of basic **free to use** Triggers available at the Silver and Gold levels!

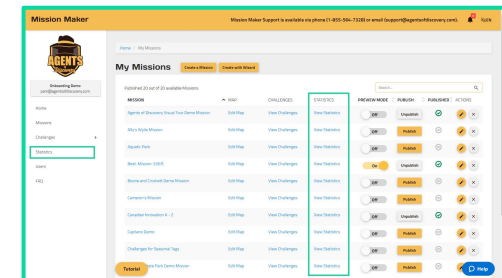

Where to find:

Trigger Groups is tucked under the **Challenges** link on the left sidebar, and can also be found at the top of the **My Challenges** page.

Statistics

Take advantage of our **Statistics** section to track all the users across your Missions! You can break down your users by **Daily** and/or **Monthly**.

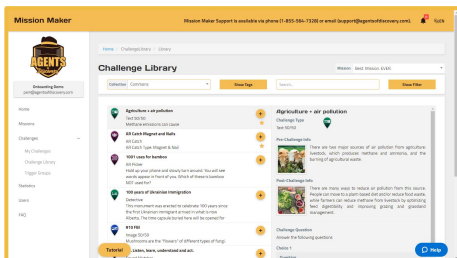

Where to find:

You can find **Statistics** directly on the left sidebar while on any other page. On the **Missions** page, there is also a **View Statistics** button next to each Mission.

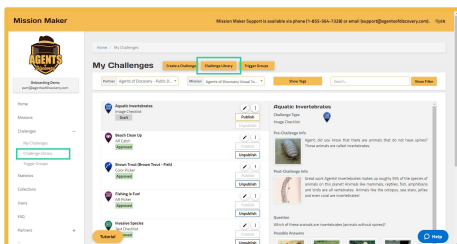

Challenge Resources

Challenge Library

Our **Challenge Library** houses thousands of Challenges that are available to **copy right into your Missions**. Use it to put Missions together instantly, or just to get inspired! Agencies with 20 locations or more will earn their own **Private Collection!**

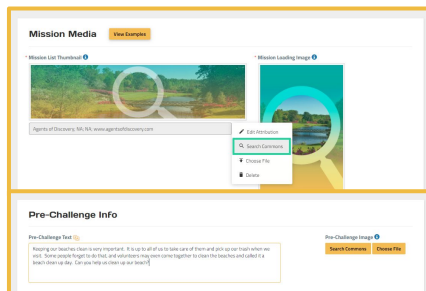

Where to find:

The Challenge Library is tucked under the **Challenges** link on the left sidebar, and can also be found at the top of the **My Challenges** page.

Free Images & Audio

Don't worry if you don't have your own photos! Thanks to our **Image Commons**, partners can polish their content with all sorts of **free images** that are authorized for public use and properly credited.

Where to find:

Any time you are setting an image, whether in the Edit Mission section or while creating Challenges, the **Search Commons** button will appear alongside **Choose File**.

3D AR Models

With our new **AR Sorter Challenge**, you can give players a new experience with sorting objects with **augmented reality!**

The Mission Maker has a growing collection of **3D AR Models** available for use! Explore our vast collection of flora and fauna.

Where to find:

Sorter Models can be found when creating an **AR Sorter Challenge**. You will be able to pick from a variety of **Items** and **Containers** to sort them in.
