

U.S. Grant Opportunities by Region

The entities on this list are not affiliated with Agents of Discovery. This list is intended as a resource for location managers to access information that is already publicly available. Agents of Discovery does not guarantee the availability of these grants, the accuracy of this information, or that your party will be eligible to apply. For accurate, up-to-date information on each grant, please refer to the respective organization's website.

U.S.

EPA - [Environmental Education \(EE\) Grants | EPA](#)

What this funds: Environmental education projects that “design, demonstrate, and/or disseminate environmental education practices, methods, or techniques.” Must be a non-profit, school, or educational agency/entity to apply.

Sempra Liquefied Natural Gas (LNG) - [Community | Sempra LNG](#)

What this funds: Programs for the environment, education, and health and human services/safety in Sempra LNG communities.

SITKA Gear - [SITKA® Ecosystem Grants \(SEG\) | SITKA](#)

What this funds: Projects that “have the potential to advance and transform the confluence of the environmental + social landscape as it relates to wildlife, stewardship and conservation.” Impact and success of the project must be qualitatively and quantitatively measurable.

TD - [TD Charitable Foundation Grant | TD](#)

What this funds: Non-profit institutions that support TD communities by addressing financial security, the environment, health and healthcare, or community connection (via events, arts and culture, etc.). They also sponsor local events, programs, projects, and activities in communities across America through the TD Bank Community Sponsorship Program.

California

WHALE TAIL® Competitive Grants Program - [WHALE TAIL® Grants | California Coastal Commission](#)

What this funds: Non-profit, school, district, or government entity initiatives in environmental education and/or stewardship that address audiences in California.

CalEPA EJ Small Grants Program - [Environmental Justice Small Grants and Funding Opportunities | CalEPA](#)

What this funds: Non-profit community organizations and federally-recognized Tribal governments working to address environmental justice issues. They focus on communities that are disproportionately affected by environmental pollution.

California Water Service Group (Cal Water) - [Community Giving | Cal Water](#)

What this funds: Programs that benefit communities in Cal Water service areas. In particular, they support initiatives for underserved communities that will have a measurable impact.

Sempra Energy - [Corporate Giving Guidelines FAQ | Sempra](#)

What this funds: Non-profit projects that focus on climate action, diversity and inclusion, or economic prosperity in [Sempra Energy communities](#).

Bay Area

Applied Materials - [Society | Applied Materials](#)

What this funds: Initiatives in education, civic engagement, arts and culture, the environment, and women's and girls' empowerment. The Applied Materials Foundation also has an initiative called Generation Girl that works with US nonprofits to support girls' empowerment. Additional projects include relief and recovery efforts in communities affected by natural disasters.

East Bay Municipal Utility District - [WaterSmart Garden Grants | EBMUD](#)

What this funds: The creation of public gardens demonstrating water conservation and sustainable landscaping principles. Garden must be located in the EBMUD service area. Events and workshops hosted at such gardens may also be funded.

Valley Water (Santa Clara) - [Safe, Clean Water and Natural Flood Protection Grants & Partnerships Program | Santa Clara Valley Water](#)

What this funds: Schools, non-profits, and other government/community groups seeking to benefit Santa Clara County. Various grant opportunities may be available throughout the year.

SoCal

City of La Quinta - [Community Services Grant Program | La Quinta](#)

What this funds: Non-profit organizations that support the City of La Quinta, in particular those that support the business community. They offer grants for marketing/sponsorship as well as for economic development. Also available is the [Community Development Block Grant \(CDBG\)](#), a federally funded program for projects that help people with low to moderate incomes, clean/prevent slums, or aid community development in the wake of disasters or emergencies.

Edison International - [Giving Back: Grants to Make a Difference | Edison International](#)

What this funds: Programs that benefit the communities Edison serves in southern California. There is a focus on education, the environment, public safety & emergency preparedness, and civic engagement. They also aim to help underserved groups and demographics.

Joseph Drown Foundation - [Application Procedure | Joseph Drown Foundation](#)

What this funds: Non-profit organizations in Los Angeles County that address education, community health and social services, medical and scientific research, and arts and humanities (to a lesser degree).

Los Angeles Department of Water and Power (LADWP) - [Community Partnership Outreach Grants | LADWP](#)

What this funds: Non-profit organizations working to increase sustainability in the City of LA. Funded programs raise awareness of energy efficiency, water conservation, and sustainable practices through community outreach, transformational opportunities, and/or behavioral changes.

LA Dodgers - [Who We Fund | Dodgers Foundation | Los Angeles Dodgers](#)

What this funds: Programs that improve education, health care, homelessness and social justice for Los Angeles residents. LADF focuses on pressing problems in underserved communities, including those induced by the COVID-19 pandemic.

San Diego Gas and Energy (SDG&E) - [Funding Guidelines | San Diego Gas & Electric](#)

What this funds: Projects and programs in San Diego and south Orange County with a focus on the environment, public safety and emergency preparedness, or STEM leadership. Preferential consideration is given to programs (rather than one-time events), and initiatives that benefit underserved or in-need populations.

Puget Sound

Puget Sound Energy Foundation - [Puget Sound Energy Foundation](#)

What this funds: Nonprofits that help communities HEAL and overcome insecurities worsened by the COVID-19 pandemic related to health or welfare insecurities such as childcare, housing, food and other essential services.

Tacoma Public Utilities - [Grant Application Materials & FAQs | Tacoma Public Utilities](#)

What this funds: The purchase and installation of on-site renewable energy projects located in Tacoma Power's service territory.

Washington Recreation & Park Association - [Summer Experiences and Enrichment for Kids \(SEEK\) Fund | WRPA](#)

What this funds: Washington State government parks and recreation agencies looking to create outdoor summer programming for underserved Washington youth/communities that have been impacted by COVID-19.

Washington D.C.

CB Trust - [Environmental Education Grant Program | CB Trust](#)

What this funds: Initiatives and programs in Maryland aimed at environmental literacy. They believe in educating students in ways to protect and restore their local environments.

Costco - [Charitable Giving | Costco](#)

What this funds: Costco Wholesale focuses on programs that support children, education, and health and human services in their communities.

Dominion Energy - [Charitable Foundation | Dominion Energy](#)

What this funds: Nonprofits and small businesses that focus on human needs, environmental stewardship, education, and community vitality. The foundation has also begun a Social Justice Grants Initiative to help advance social justice, promote equity of opportunity, and foster diversity and inclusiveness.

Pepco - [Charitable Contributions | Pepco - An Exelon Company](#)

What this funds: Organizations that support education, the environment, arts and culture, and neighborhood development programs. With a proven track record in addressing key community needs, they focus their funding on programs that can deliver measurable and sustainable improvements in the communities in which they serve and operate their business.
