Mission Statistics - Logged-in Players Only
Mission: Demo Mission

> The vast majority of players will not log in. Instead, they will choose to play as a guest.
> Please refer to the Statistics on Total Users and Downloads in the previous section for information on players, downloads, and other aggregate data.
Data relating to individual players will only be recorded if players have logged in. General Mission data (such as downloads) does not require players to be logged in. Please encourage players playing your Mission to log in to their account when playing Agents of Discovery. To ensure logged in player data is synced when out of WiFi or mobile data range, logged in players should close and open the game once they have reconnected.
Challenge Success Rate[2]
93.71 %

USBees Earned[2]
2748

Total Time Played
12:20:25

Average Time Played
00:44:36

Total Distance Walked
218.10m

Average Distance Walked
15.58m

Player Demographics[3]

These charts provide demographic data on logged-in players who have provided their birth date and gender.
