

Supporting the Journey with Agents of Discovery

AoD's platform turns your phone into a powerful AR tool, bringing history and ecology to life! Craft interactive adventures: Imagine dinosaurs roaming the park, or uncovering hidden stories in your backyard. Learning made epic: AoD empowers educators and creators to design engaging AR experiences that make learning unforgettable.

Embark on EPIC Quests! Download CRAZY Missions everywhere! Puzzles, Challenges & more - ALL INSTANT! Compete, rule the Leaderboards & become a MISSION LEGEND!

The Future of Learning is HERE

Supporting Partners Everywhere

Level up your city or state adventures! Explore hidden gems, conquer crazy challenges, and unlock exclusive content with missions from museums, parks, and even government agencies! Every partner brings unique twists, so get ready for endless surprises.

Making the Journey Inclusive

- Inclusive content: Missions around diversity and inclusion topics like Black History Month, Juneteenth, and National Hispanic Heritage Month.
- Multilingual support: Play in English, Spanish, or French, with more languages coming soon including Mandarin, Cantonese, Tagalog, Vietnamese, and Arabic.
- Accessibility features: Text-to-speech, color-blindness support, and pre-made challenges for neurodivergent individuals.

Explorer Campaign

Key Takeaways

Adventure awaits! Explore your world like never before with Agents of Discovery!

- This interactive AR scavenger hunt transforms any location into an educational playground, just like Pokémon Go for learning!
- This interactive app uses Augmented Reality to turn any location into an educational adventure. No WiFi? No problem! Play anytime, anywhere!
- Plus, choose your language: English, French, or Spanish!
- Partnerships with museums, parks, and even government agencies bring unique missions and hidden gems to light. ✨ Get ready for endless surprises and a thirst for knowledge!
- It's like Pokémon Go for Education, but WAY cooler!
